Keystone Fence... Building a Better Fence for more than 110 Years

High Tensile Plain Wire

- Unique product presentation
- Strong wooden spool with metal centre
- Easier to use for faster fencing
- Unwinds with no snags or knots
- Convenient to store, handle and deliver
- No extra wire ends
- High Tensile wire
- Heavily Galvanised meets BS EN 10244
- Available in 2.5mm and 3.00mm

This product has been packaged with ease of use and convenience to the end user and stockist in mind.

The product is easy to store, transport and to use.

The drums hold 25Kg of HT (High Tensile) plain wire ready to use with no waste!

The cable drum is 10" in diameter and 7" wide and is constructed from rigid MDF with a steel centre. There is a centre hole in the drum so it can be easily be mounted onto a pin or bar for paying out the wire quickly.
