- Provides a very strong fence
- 100mm x 100mm (4"x4") Square Mesh
- Mesh size prevents animals putting their heads through the fence
- Heavily Galvanised BSEN 10244
- Top and bottom wire gauge 3.4mm
- Filler gauge 2.5mm
- 30m roll
- 1200mm (48") high

This 100mm x 100mm (4" x 4") mesh provides a very strong multi-purpose fence. Sheep will be prevented from putting their heads through, making this a safe and practical alternative. The additional height of the fence is also useful, making this a good fence for other animals such as Alpaca. The Square Deal® knot provides extra strength and rigidity whilst allowing flexibility for easy installation on flat or hilly terrain.
